Former Italian President and the man who revealed the existence of Operation Gladio, Francesco Cossiga, has gone public on 9/11, telling Italy's most respected newspaper that the attacks were run by the CIA and Mossad and that this was common knowledge amongst global intelligence agencies.

Cossiga was elected President of Italian Senate in July 1983 before being winning a landslide 1985 election to become President of the country in 1985.

Cossiga gained respect from opposition parties as one of a rare breed – an honest politician – and led the country for seven years until April 1992.

Cossiga's tendency to be outspoken upset the Italian political establishment and he was forced to resign after revealing the existence of, and his part in setting up, Operation Gladio – a rogue intelligence network under NATO auspices that carried out bombings across Europe in the 60's, 70's and 80's.

Gladio's specialty was to carry out what they coined "false flag operations," terror attacks that were blamed on their domestic and geopolitical opposition.

Cossiga's revelations contributed to an Italian parliamentary investigation of Gladio in 2000, during which evidence was unearthed that the attacks were being overseen by the U.S. intelligence apparatus.

In March 2001, Gladio agent Vincenzo Vinciguerra stated, in sworn testimony, "You had to attack civilians, the people, women, children, innocent people, unknown people far removed from any political game. The reason was quite simple: to force ... the public to turn to the state to ask for greater security."

Cossiga's new revelations appeared last week in Italy's oldest and most widely read newspaper, Corriere della Sera. Below appears a rough translation.

"[Bin Laden supposedly confessed] to the Qaeda September [attack] to the two towers in New York [claiming to be] the author of the attack of the 11, while all the [intelligence services] of America and Europe ... now know well that the disastrous attack has been planned and realized from the CIA American and the Mossad with the aid of the Zionist world in order to put under accusation the Arabic Countries and in order to induce the western powers to take part ... in Iraq [and] Afghanistan."

Cossiga first expressed his doubts about 9/11 in 2001, and is quoted in Webster Tarpley's book as stating that "The mastermind of the attack must have been a "sophisticated mind, provided with ample means not only to recruit fanatic kamikazes, but also highly specialized personnel. I add one thing: it could not be accomplished without infiltrations in the radar and flight security personnel."

Coming from a widely respected former head of state, Cossiga's assertion that the 9/11 attacks were an inside job and that this is common knowledge amongst global intelligence agencies is highly unlikely to be mentioned by any establishment media outlets, because like the hundreds of other sober ex-government, military, air force professionals, allied to hundreds more professors and intellectuals – he can't be sidelined as a crackpot conspiracy theorist.

Osama Bin Laden in esso 'confessa' che Al Qaeda sarebbe stato l'autore dell'attentato dell'11 settembre alle due torri in New York, mentre tutti gli ambienti democratici d'America e d'Europa, con in prima linea quelli del centrosinistra italiano, sanno ormai bene che il disastroso attentato è stato pianificato e realizzato dalla Cia americana e dal Mossad con l'aiuto del mondo sionista per mettere sotto accusa i Paesi arabi e per indurre le potenze occidentali ad intervenire sia in Iraq sia in Afghanistan
